

IOMP Strategic Plan

2022-2025

International Organization for Medical Physics
Fairmount House, 230 Tadcaster Road, York, UK

MISSION

To improve healthcare by promoting the advancement of medical physics science and practice globally and providing effective medical physics education and training

VISION

To advance medical physics in all aspects

STRATEGIC AGENDA

To enable access to high-quality educational and training resources in medical physics.

To increase the impact and further develop IOMP's publishing portfolio

To develop new, and strengthen existing, cooperations with relevant international organizations

To expand the visibility of IOMP and the work of its members

To inspire students and trainees to specialize in medical physics

To raise awareness of the role of medical physicists in healthcare
