

Mahadevappa Mahesh, MS, PhD.

Johns Hopkins University School of Medicine, Baltimore, MD – USA.

Mahadevappa Mahesh, MS, PhD, is the Professor of Radiology and Cardiology at the Johns Hopkins University School of Medicine, Baltimore, MD. He is also the Chief Physicist at the Johns Hopkins Hospital, Baltimore, MD.

Dr Mahesh is board certified from the American Board of Radiology in diagnostic radiological physics and is a member of the Radiation Control Advisory Board for the State of Maryland. His research interests are in medical imaging, particularly in areas of computed tomography (CT), interventional fluoroscopy and digital mammography.

Dr Mahesh is currently Associate Editor for the Journal of American College of Radiology and board member for the American Association of Physicists in Medicine (AAPM) and the American College of Radiology. He also serves as subject-matter-expert (SME) to the United Nations-International Atomic Energy Agency (UN-IAEA).

Dr Mahesh is the author of the textbook titled '[MDCT Physics: The Basics – Technology, Image Quality and Radiation Dose](#)'.
