Asia Oceania Federation of Organizations for Medical Physics

International Organization of Medical Physics (IOMP) is celebrating International Medical Physics Week (IMPW) from 11th to 15th May 2020 across the globe. Every Regional Organization and NMO of IOMP is encouraged to organize programs during the week.

Due to unprecedented situation created by COVID19, physical meetings are not possible on this occasion and therefore AFOMP has decided to organize two webinars, one on 11 May and another on 14 May during 7 AM- 8 AM GMT [GMT-**Greenwich Mean Time**, check your corresponding local time as per your location].

To encourage discussion and active participation it is planned to have 10 minutes questions and answers on the topic. You can send questions before starting the webinar or during the webinar.

Pre- Registration is mandatory for the webinar
