**International Organization for Medical Physics (IOMP)
Association of Medical Physicists of India (AMPI)**

Journal of Medical Physics

Announcement

Last month, July 2020, the Presidents of the IOMP and of the AMPI, and the Editor-in-Chief of the *Journal of Medical Physics* (JMP), signed an agreement by which IOMP becomes a Supporting organization for the *Journal of Medical Physics* (JMP) (ISSN: print 0971-6203, online 1998-3913, website: <http://www.jmp.org.in/>). IOMP will be represented in the Editorial Board of JMP.

At present IOMP recognizes the following scientific journals as official publications of IOMP:

1. [Medical Physics International \(Official Journal of the IOMP\)](#)
2. [Physics in Medicine and Biology](#)
3. [Physiological Measurement](#)
4. [Medical Physics](#)
5. [Journal of Applied Clinical Medical Physics](#) – an open access journal
6. [Physica Medica – European Journal of Medical Physics](#)
7. [Journal of Medical Physics \(JMP\)](#) – an open access journal.

This is another step in the plan of the Publication Committee of IOMP, which fostered the IOMP policy of recognition of scientific journals well reputed in the field of medical physics, as a means for the scientific dissemination and progress of our discipline, worldwide.

Medical physics is a profession and science at the same time: the IOMP will continue its strategy towards wider dissemination and availability of scientific publications as well as up-to-date scientific knowledge, including journals, books, webinars, schools, newsletters, for effective service to the international community of medical physicists.

Paolo Russo
Chair, Publication Committee, IOMP (2018-2021)
