## INVITATION

On behalf of the Organizing Committee we have the honor to invite you to participate in the "**8th Romanian Conference of Medical Physics**" which will take place exclusively online on November 7, 2020.

This autumn we celebrate 140 years of Medical Physics in Romania, which began in 1880 with the support of prof. phys. Ioan G. Stravolca of the first medical physics course taught to students from first academic year at the Faculty of Medicine, University of Iasi, under the name of "*Fizica Medicală*", "*Fisica Medicală*" or under the phrase "*Physica Medicală*".

On the occasion of the event we celebrate for the 8th consecutive year the "**International Day of Medical Physics**" with the theme "*Medical Physicist as a Health Professional*" and for the 6th year the "**International Day of Radiology**" dedicated to "*Radiologists and radiographers supporting patients during COVID-19*".

The Romanian medical physics community meeting is organized by the Romanian College of Medical Physicists and offers an excellent opportunity to improve the national medical physics.

Your presence is an excellent opportunity to share knowledge and dilemmas regarding the concerns of Romanian and foreign specialists in the field of medical physics and to contribute to the professional training of young participants, in good numbers in recent years.

The conference will be preceded by a session dedicated to the Annual General Assembly of the members of the Romanian College of Medical Physicists (06.11.2020, 14:00-18:00).

Additional information is available online on the official CFMR website at the dedicated section: [www.cfmr.ro/evenimente/evenimente-nationale/CNFM2020](http://www.cfmr.ro/evenimente/evenimente-nationale/CNFM2020) or you can contact us by E-mail: [office@cfmr.ro](mailto:office@cfmr.ro) or Fax: (+4)0332780143.

We are pleased to invite you to this important event and assure you that your participation will make a significant contribution to the success of this event.

We look forward to seeing you at the conference!

*President CFMR*  
prof. dr. Loredana Gabriela Marcu

*Vice President CFMR*  
Marin Bodale  
Medical Physics Expert
