

Professor Peter Wells Memorial Lecture

Advances in Cancer Care

September 8, 18:30 BST

This lecture remembers Professor Peter Wells, one of the most well-known and highly regarded figures in the world of medical ultrasound. He pioneered the development of ultrasonics as a diagnostic and surgical tool, which revolutionised clinical practice around the world.

Opening remarks

Professor Stephen O'Connor

President of The Institute of Physics and Engineering in Medicine

Introduction

Professor Sebastien Ourselin

Professor of Healthcare Engineering

Head of School, Biomedical Engineering & Imaging Sciences, King's College London

Diagnostic Imaging for Prostate Cancer

Professor Hashim Ahmed

Consultant Urological Surgeon, Imperial College Healthcare NHS Trust and The Cromwell Hospital, London

Research in Radiotherapy

Professor Teresa Guerrero Urbano
