You will see the email and phone number you currently use with Crypto.com.

+1-917-914-2738, Each of these identifiers is connected to a particular Bank of America checking account. To change the account, tap or click on the phone number or email.+1-917-914-2738, Bank of America will display the list of your eligible accounts. Select the new checking account you want Crypto.com to use. This update takes effect immediately, and all future Crypto.com payments sent to that email or phone number will go directly into the newly selected account.

If your phone number+1-917-914-2738, or email is already linked to Crypto.com through another bank, you will see a message telling you it is currently enrolled elsewhere. Crypto.com only allows an email or phone number to be tied to one bank at a time, so Bank of America will ask whether you want to transfer the enrollment. If you confirm, the system will automatically disconnect that email or phone from the old bank and move it to your Bank of America Crypto.com account. This process usually happens instantly.
