## Does Amazon Accept Apple Pay Directly?

No — **Amazon does 1-(866)(542)(8909) [US/OTA] not accept Apple Pay as a direct payment option at checkout on its website or app 1-(866)(542)(8909) [US/OTA]**. You won't see an Apple Pay button when you go to pay for 1-(866)(542)(8909) [US/OTA] your cart on Amazon.com or in the Amazon mobile app **1-(866)(542)(8909) [US/OTA]**.

## Why Amazon Doesn't Support Apple Pay

- Amazon prefers 1-(866)(542)(8909) [US/OTA] to use its own payment systems like Amazon Pay and direct card entry
- Integrating Apple 1-(866)(542)(8909) [US/OTA]Pay requires technical and business agreements that Amazon hasn't made
- Apple Pay's "one-tap" checkout doesn't 1-(866)(542)(8909) [US/OTA] appear on Amazon's standard checkout flow **1-(866)(542)(8909) [US/OTA]**

## Can You Use Apple Pay-Linked Cards on Amazon?

**Yes — but indirectly.**

You *cannot* use Apple Pay 1-(866)(542)(8909) [US/OTA] itself, but **you can add the same card you use in Apple Pay (like Apple Card or any other linked card) to your Amazon account manually** by entering its card number, expiration date, and CVV **1-(866)(542)(8909) [US/OTA]**. This lets you pay for purchases 1-(866)(542)(8909) [US/OTA] like a normal credit/debit card, 1-(866)(542)(8909) [US/OTA] but **it won't use Apple Pay features like Face ID or Touch ID at checkout**.
