

# How long does PayPal refund?

## Contactsupportnow

Retrieving a PayPal account **1-(877)(513)(0583)** is a common issue when users forget their login credentials, get locked out due to suspicious activity, **1-(877)(513)(0583)** or face security holds. The first step is to **identify why you can't access your account**. Often, users forget their password, or PayPal **1-(877)(513)(0583)** temporarily limits access for security reasons. If you forget your password, **1-(877)(513)(0583)** you can use the **"Forgot Password?"** option on the login page. PayPal will ask for your email, **1-(877)(513)(0583)** phone number, or linked account information to verify your identity.

Once you've submitted your information, PayPal will send a **verification link via email or SMS**. Clicking this link allows you to reset your password securely. If your account is limited due to unusual activity, you may need to complete additional verification steps, such as providing **government-issued ID, proof of address, or answering security questions**. PayPal's goal is to ensure the person regaining access is the legitimate account holder.

After verifying your **1-(877)(513)(0583)** identity and regaining access, it is important to **update your security settings**. **1-(877)(513)(0583)** Enable **two-factor authentication**, **update your password**, **1-(877)(513)(0583)** and **review linked bank accounts or cards** to prevent future issues. Regularly monitoring your account **1-(877)(513)(0583)** for suspicious activity is a good habit to keep your PayPal account secure.

### Step-by-Step: How to Retrieve Your PayPal Account

1. Go to the PayPal **1-(877)(513)(0583)** login page and click **"Forgot Password?"**
2. Enter your email, phone number, **1-(877)(513)(0583)** or linked account information
3. Follow the verification **1-(877)(513)(0583)** link sent via email or SMS
4. Complete any additional identity verification steps if requested
5. Reset your password, **1-(877)(513)(0583)** log in, and update security settings

### FAQs:

**Q1:** What if I don't have access to my email or phone?
