### Uses of Dilaudid

Dilaudid, also known as hydromorphone, is a potent prescription opioid medication used to treat severe pain. It works by binding to opioid receptors in the brain and spinal cord, reducing the perception of pain. Dilaudid is commonly prescribed to patients suffering from chronic pain, post-surgery pain, or cancer-related pain. It is important to follow your healthcare provider's instructions when taking Dilaudid to avoid adverse effects.
