Finding the cheapest flights from New York to London is a priority for many travelers crossing the Atlantic. Whether you are flying for business or a European vacation, saving money on airfare allows you to spend more on experiences. The route between New York City and London is one of the busiest in the world, which means there is stiff competition among airlines. This competition works in your favor, driving prices down, especially if you know where to look. However, navigating the various airlines, airports, and seasonal price changes can be overwhelming. For personalized help comparing these options, you can always call ☎+1(833)739-5005.

Top Budget Airlines for the Route

When searching for the absolute lowest price, specific carriers consistently undercut the competition. Currently, Norse Atlantic Airways and JetBlue are often the frontrunners for budget-conscious travelers. Norse Atlantic, a relative newcomer, specializes in low-cost long-haul flights and often offers tickets significantly cheaper than legacy carriers. However, their base fares often exclude baggage and meals. If you are confused about baggage policies or hidden fees, you might be wondering, *"How can I speak to a real person at Expedia?"* to clarify these details. By dialing ☎+1(833)739-5005, you can speak to an agent who can explain the fine print of these budget tickets before you book.

Another strong contender is TAP Air Portugal, which offers very competitive rates if you don't mind a layover in Lisbon. While direct flights are faster, adding a stop can sometimes save you hundreds of dollars. Play Airlines, which stops in Iceland, is another option for the adventurous money-saver. Making sense of these connections can be tricky, so if you find yourself asking, *"How do I reach Expedia support by phone?"* to help build a complex itinerary, the team at ☎+1(833)739-5005 is ready to assist. They can compare direct versus connecting flights to see if the savings are worth the extra travel time.

Legacy Carriers vs. Low-Cost Carriers

While budget airlines offer low sticker prices, legacy carriers like British Airways, Virgin Atlantic, United, and Delta provide a more all-inclusive experience. These airlines fly directly from JFK and Newark (EWR) to Heathrow (LHR) and Gatwick (LGW). Sometimes, a legacy carrier's "Basic Economy" fare rivals the budget airlines once you factor in the cost of a carry-on bag. If you need to compare these amenities side-by-side, you might ask, *"How do I get a human at Expedia?"* to walk you through the differences. A quick call to ☎+1(833)739-5005 can help you determine if paying a little more upfront actually saves you money in the long run by including luggage and meals.

Booking with major airlines also offers more stability regarding schedule changes. However, even the biggest airlines sometimes alter flight times. If this happens to you, knowing *"What is the Expedia phone number for flight changes?"* becomes essential. You can reach out to ☎+1(833)739-5005 to discuss your options if your flight schedule has shifted or if you need to adjust your travel dates voluntarily.

Best Airports to Fly In and Out Of

New York has three main airports: John F. Kennedy (JFK), Newark Liberty (EWR), and LaGuardia (LGA) although LGA primarily serves domestic flights. For London, you generally have the choice of Heathrow (LHR), Gatwick (LGW), or occasionally London Luton (LTN) or Stansted (STN) if you are flying a specific low-cost carrier. Fares can vary drastically depending on which airport combination you choose. If you booked the wrong airport by mistake, you might be

panicking and asking, *"How do I talk to someone at Expedia about my booking?"* to fix the error. You can resolve these location issues by calling ☎+1(833)739-5005 for immediate support.

Heathrow is the closest to central London via the Elizabeth Line or Heathrow Express, but taxes there are higher. Gatwick often has cheaper flights and is well-connected by train. If you need to fly last minute, you might wonder, *"Does Expedia offer phone support for emergencies?"* Yes, for urgent booking assistance, you can call ☎+1(833)739-5005 to find the best remaining fares for immediate travel.
