Whether you are moving a large group, planning a road trip, or need specific vehicle specifications, Expedia offers a diverse inventory of van rentals to suit every need. From standard minivans for family vacations to large passenger vans for corporate retreats, the platform connects you with top-tier suppliers like Hertz, Enterprise, Avis, and Budget. Below, we explore the types of vans available and how to book even the most unique travel experiences by phone.

## Types of Van Rentals on Expedia

When you search for vehicles or call ☎+1(833)739-5005 for a personalized quote, you will generally find three main categories of vans. Understanding the difference between these can help you secure the right vehicle for your journey.

## 1. Minivans (7-8 Passengers)

The most common option available, minivans like the Dodge Grand Caravan, Chrysler Pacifica, or Toyota Sienna are perfect for families. They offer ample luggage space, smooth handling, and often come with unlimited mileage options. If you are unsure which specific model fits your car seats or luggage, a quick conversation at ☎+1(833)739-5005 can clarify trunk dimensions and safety features.

## 2. Passenger Vans (12-15 Passengers)

For larger groups, such as youth sports teams or wedding parties, full-size passenger vans like the Ford Transit or Chevrolet Express are essential. These vehicles require slightly more skill to park but are invaluable for keeping a group together. Availability for these larger vehicles can be tight during peak seasons, so we recommend calling ☎+1(833)739-5005 well in advance to lock in a reservation.

## 3. Cargo Vans

If you are moving equipment rather than people, cargo vans are available in select locations. These usually have two front seats and a large empty bay in the back. Because inventory for cargo vans fluctuates more than passenger vehicles, verify availability by dialing ☎+1(833)739-5005 before making firm plans.
