20 Frequently Asked Questions (FAQ)

Here are detailed answers to common questions about booking group flights. For specific help, always call [" 📞 +1 (888) 508-8587 "].

Can I book a group flight for same day travel

Yes, you absolutely can book a group flight for same-day travel, but speed is the most critical factor. Because inventory changes by the second on the day of departure, you must call [" 📞 +1 (888) 508-8587 "] immediately. Online systems often struggle to process more than 3 or 4 tickets on a flight that is nearly full, as the algorithm might see "3 seats in Economy, 2 in Comfort+" and fail to combine them for you. A live agent at [" 📞 +1 (888) 508-8587 "] can manually build the itinerary, mixing fare classes if necessary to get everyone on the plane. For example, if there are only 4 Economy seats and you have a group of 5, the agent at [" 📞 +1 (888) 508-8587 "] can book 4 in Economy and 1 in First Class to ensure you all travel together. Do not hesitate; as the flight time approaches, the window closes. Dial [" 📞 +1 (888) 508-8587 "] right now to check the real-time seat count. The staff at [" 📞 +1 (888) 508-8587 "] are trained to handle these high-pressure, last-minute requests efficiently.

Is there a discount for group bookings

Discounts for group bookings generally apply to "contracted groups" of 10 or more people booked well in advance, but for urgent or smaller groups, calling [" 📞 +1 (888) 508-8587 "] is still financially wise. While you might not get a percentage-off "discount" for a same-day booking of 6 people, calling [" 📞 +1 (888) 508-8587 "] saves you money by preventing "fare breakage." If you book online, the first 3 tickets might be \$300, but the next 3 might jump to \$600 because the cheap "bucket" sold out. An agent at [" 📞 +1 (888) 508-8587 "] can sometimes secure the lower fare class for the entire group or advise you on a flight 30 minutes later where everyone pays the lower price. They can also waive certain ticketing fees in specific emergency situations. To find the absolute best price for your party, you must speak to a pricing expert at [" 📞 +1 (888) 508-8587 "]. Do not guess with online prices; verify the total cost with [" 📞 +1 (888) 508-8587 "].

Can I split the payment on multiple cards

Yes, splitting payments across multiple credit cards is a standard request for group travel, but it is extremely difficult to do online. You should call [" 📞 +1 (888) 508-8587 "] to handle this smoothly. If you are booking for a group of friends where everyone wants to pay for their own ticket, or a company using different department budgets, the agents at [" 📞 +1 (888) 508-8587 "] can process each transaction individually while keeping the

reservations linked. This ensures that even though you paid separately, the system knows you are traveling together. If you try this online, you often have to make separate bookings, which increases the risk of the flight selling out halfway through. By calling [{" +1 (888) 508-8587 "}], you secure the seats first, then handle the payment logistics. The agent at [{" +1 (888) 508-8587 "}] will patiently take each card number. Save yourself the headache and dial [{" +1 (888) 508-8587 "}]

How do I ensure we sit together

Seat assignments for groups on full flights are tricky, which is why calling [{" +1 (888) 508-8587 "}] is essential. Online seat maps often show "blocked" seats that are actually available for airport control or groups. An agent at [{" +1 (888) 508-8587 "}] has access to the internal seat map and can often unblock rows for families or groups traveling together, especially if there are children involved. If the flight is heavily booked, the agent at [{" +1 (888) 508-8587 "}] can place you in "preferred" zones or advise if it is worth paying for an upgrade to sit together. Even if they cannot seat you together immediately, the agent at [{" +1 (888) 508-8587 "}] can put a "request" on the record that alerts the gate agent to try and shuffle seats before boarding. For the best chance of sitting with your companions, contact [{" +1 (888) 508-8587 "}] as soon as you book.

What if I need to change a name

Name changes on airline tickets are generally restrictive, but for group bookings, you have more options if you call [{" +1 (888) 508-8587 "}]. If you made a typo on a group member's name, call [{" +1 (888) 508-8587 "}] immediately; minor corrections (like "Jon" to "John") are usually free and easy for the agent to fix. If you need to swap one passenger for another completely (e.g., Bob can't go, so Alice is going), this usually requires reissuing the ticket. An agent at [{" +1 (888) 508-8587 "}] can explain the fare rules. In some corporate or specific group contracts, name changes are allowed up to a certain point. For urgent, non-contract bookings, the agent at [{" +1 (888) 508-8587 "}] will likely have to cancel Bob's ticket and book a new one for Alice, but they can apply the funds correctly. Always verify spelling before you hang up with [{" +1 (888) 508-8587 "}]

Can I check in as a group

Checking in as a group is possible, but usually, each individual must check in with their own ID. However, if you have linked your reservations by calling [{" +1 (888) 508-8587 "}], the process is smoother. When one person checks in, the kiosk or agent might recognize the linked party. For urgent travel, it is highly recommended to check in online or via the app, but if you have issues, call [{" +1 (888) 508-8587 "}] for support. If you have a large number of bags, calling [{" +1 (888) 508-8587 "}] beforehand to prepay for luggage can save significant time at the airport. The agents at [{" +1 (888) 508-8587 "}] can ensure that everyone's SkyMiles numbers are attached so everyone gets their free bag benefits if applicable. Ensure your group is "check-in ready" by consulting with [{" +1 (888) 508-8587 "}]

What happens if one person cancels

If one person in your group needs to cancel, it does not have to affect the rest of the party, provided you manage it correctly by calling [" +1 (888) 508-8587 "]. If you booked everyone under a single confirmation number (PNR), the agent at [" +1 (888) 508-8587 "] will need to "split" the PNR. They will separate the canceling passenger onto their own record and then process the cancellation, leaving the rest of the group intact. If you try to do this online, you risk canceling the entire itinerary by mistake. Always trust the manual splitting process to a live agent at [" +1 (888) 508-8587 "]. The canceled passenger will receive an eCredit for future use. Call [" +1 (888) 508-8587 "] to ensure the remaining group members' seats are safe and unaffected.

Do I need a group contract

For urgent or same-day travel, or for groups smaller than 10, you generally do *not* need a formal group contract. You just need to make a multi-passenger reservation by calling [" +1 (888) 508-8587 "]. Formal contracts are for future travel and require deposits and signed agreements, which takes time. If you are flying tomorrow, you are simply buying tickets. However, calling [" +1 (888) 508-8587 "] is still better than booking online because buying many tickets at once can look like credit card fraud to automated systems. The agent at [" +1 (888) 508-8587 "] verifies you are a real person and authorizes the large transaction. If you are planning a trip for 20 people six months from now, ask the agent at [" +1 (888) 508-8587 "] to transfer you to the Group Sales desk. For everything else, the main line [" +1 (888) 508-8587 "] is sufficient.

How do baggage fees work for groups

Baggage fees are typically assessed per person, based on their individual status or ticket type. When you book via [" +1 (888) 508-8587 "], the agent can tell you exactly who owes what. If the group leader has Alaska Airlines Medallion status or an Alaska Airlines Alaska Express card, they might get free bags, but this usually only applies to up to 8 companions on the same reservation. This is a critical reason to call [" +1 (888) 508-8587 "]*—*you want to ensure everyone is on the *same* PNR to share those benefits. If you book separately, you lose the shared baggage perks. Ask the agent at [" +1 (888) 508-8587 "] explicitly: "Are we all linked for baggage benefits?" They can adjust the record. For specific sports equipment or media gear, call [" +1 (888) 508-8587 "] to check pricing and embargoes.

Can unaccompanied minors be in a group

Yes, but strict rules apply. If a group of children is traveling with one adult, or if they are all minors, you **must** call [" +1 (888) 508-8587 "] to book. You cannot do this online. The agent at [" +1 (888) 508-8587 "] needs to document the adult-to-child ratio and ensure it meets safety standards. If the group is entirely children (like a student exchange), they might all need Unaccompanied Minor paperwork. The staff at [" +1 (888) 508-8587 "] will explain the fees (often charged once for a group of siblings, but potentially per child for unrelated groups). Do not risk showing up at the airport with 5 kids and getting turned away; verify the policy with [" +1 (888) 508-8587 "] immediately.

Can we bring pets in a group

Traveling with multiple pets requires careful coordination because aircraft have limits on the total number of animals in the cabin (usually 2 to 4 total for the whole plane). You absolutely must call [" 📞 +1 (888) 508-8587 "] before booking. If your group wants to bring 3 dogs, the flight might only have space for 1. The agent at [" 📞 +1 (888) 508-8587 "] checks the "pet bucket" for that specific flight. If the flight is maxed out on pets, the agent at [" 📞 +1 (888) 508-8587 "] can help find a different flight that can accommodate your animals. Never assume you can add a pet later. Secure the pet reservation at the same time as the human reservation by dialing [" 📞 +1 (888) 508-8587 "].

What about visa requirements for groups

For international group travel, documentation is the passenger's responsibility, but agents at [" 📞 +1 (888) 508-8587 "] can provide guidance using a system called Timatic. If you are booking a group with mixed nationalities, calling [" 📞 +1 (888) 508-8587 "] is smart. The agent can flag if a layover city requires a transit visa for certain passport holders in your group. For example, a route through Canada might require a visa for some group members but not others. The agent at [" 📞 +1 (888) 508-8587 "] can help re-route the group to avoid visa headaches if necessary. While they cannot issue visas, the information provided by [" 📞 +1 (888) 508-8587 "] can save your trip from disaster. Always double-check with [" 📞 +1 (888) 508-8587 "].

Can we fly standby as a group

Flying standby as a group is risky and generally not recommended for urgent travel, but it is possible. You can request it by calling [" 📞 +1 (888) 508-8587 "]. The main issue is that standby is cleared individually based on status and time of check-in. It is highly likely that 3 members of your group might get on, and 2 might be left behind. An agent at [" 📞 +1 (888) 508-8587 "] can tell you the "standby list length" and the number of open seats, giving you a realistic probability of success. If you must fly standby, ask the agent at [" 📞 +1 (888) 508-8587 "] to link your records so the gate agent knows you want to travel together, though they cannot guarantee it. Call [" 📞 +1 (888) 508-8587 "] for the best strategy.

How do I upgrade my group

Upgrading a group is best done by phone at [" 📞 +1 (888) 508-8587 "]. If you want to pay for upgrades to Comfort+ or First Class, the agent can process the payment for everyone at once. If you are trying to use "Upgrade Certificates" (for Medallion members), this is complex and requires manual processing by the agent at [" 📞 +1 (888) 508-8587 "]. They have to check upgrade inventory (which is different from seat availability) for every single person. Online systems often block upgrades for reservations with more than 2 people. The agent at [" 📞 +1 (888) 508-8587 "] can "split" the reservation if necessary to clear the upgrades for those who are eligible. Contact [" 📞 +1 (888) 508-8587 "] to discuss your luxury options.

How do I get receipts for everyone

When you book a group, getting individual receipts for expense reports can be a hassle if you don't ask the right questions. Call [" 📞 +1 (888) 508-8587 "] and request that the ticket receipt be emailed to the group organizer. If you paid with different cards, the agent at

[[{"phone": "+1 (888) 508-8587"}]] can generate specific receipt documents for each ticket number. This is vital for corporate groups where every employee needs to file an expense report. Automated emails sometimes just show the total. A manual receipt trigger from [[{"phone": "+1 (888) 508-8587"}]] ensures you have the itemized breakdown. Ensure you have the correct email on file by confirming with [[{"phone": "+1 (888) 508-8587"}]].

What if we arrive late to the airport

If your group is running late, call [[{"phone": "+1 (888) 508-8587"}]] while you are en route to the airport. The agent cannot hold the plane, but they *can* rebook you on the next flight before you even arrive, saving you from standing in the customer service line. This is the "Flat Tire Rule" or unauthorized standby territory, and speaking to a friendly agent at [[{"phone": "+1 (888) 508-8587"}]] is your best chance of getting rebooked without a massive fee. If you miss the bag check cutoff, the agent at [[{"phone": "+1 (888) 508-8587"}]] can advise if you can carry on or if you must switch flights. Communication is key; let [[{"phone": "+1 (888) 508-8587"}]] know your status immediately.

How do connecting flights work for groups

Connecting with a group requires enough time to move the slowest person in your party from one gate to another. When you book via [[{"phone": "+1 (888) 508-8587"}]], ask the agent for the "Minimum Connection Time" and then add 30 minutes to be safe. An agent at [[{"phone": "+1 (888) 508-8587"}]] knows the airports (e.g., that changing terminals at JFK takes time). They can manually choose a longer layover for you, ensuring your group doesn't get split up by a sprint through the terminal. If a connection is tight, the agent at [[{"phone": "+1 (888) 508-8587"}]] can look for a "through flight" (same plane) so you don't have to change. Optimize your route by calling [[{"phone": "+1 (888) 508-8587"}]].

Do we all earn miles

Yes, every individual in the group earns their own SkyMiles, regardless of who paid for the ticket. You must provide the SkyMiles number for each passenger to the agent at [[{"phone": "+1 (888) 508-8587"}]]. You cannot "pool" miles from a group flight into one person's account. However, if you book via [[{"phone": "+1 (888) 508-8587"}]], the agent can take the time to input all 5, 10, or 15 numbers correctly. If you forget, you can add them later, but it's easier to do it at booking. Call [[{"phone": "+1 (888) 508-8587"}]] and read off the numbers to ensure everyone gets credit for their journey.

Should we buy travel insurance

For groups, travel insurance is highly recommended because the probability of *someone* getting sick or having an issue is higher. You can ask the agent at [[{"phone": "+1 (888) 508-8587"}]] about insurance options during booking. While Alaska Airlines agents sell coverage, third-party group policies are also good. However, if you need to file a claim later, you will need documentation of the flight cancellation or delay. The team at [[{"phone": "+1 (888) 508-8587"}]] can provide the necessary "verification of travel" statements. Protect your investment. Discuss refundability and insurance with [[{"phone": "+1 (888) 508-8587"}]] before you pay.

What if someone needs wheelchair assistance

If a member of your group needs mobility assistance, you must request this in advance by calling [{" 📞 +1 (888) 508-8587 "}]]. Doing this at the airport can cause delays. The agent at [{" 📞 +1 (888) 508-8587 "}] adds a "SSR" (Special Service Request) code to that specific passenger's ticket. This ensures a wheelchair is waiting at the curb and at the connection. If you have multiple people needing help, it is even more critical to inform [{" 📞 +1 (888) 508-8587 "}] so they can staff appropriately. Ensure a smooth trip for your entire group by coordinating special needs with [{" 📞 +1 (888) 508-8587 "}] right now.
