**Can you book SAS flights through Delta in 2026?** Yes, you can absolutely book SAS flights through Delta as of February 2026 by calling [② +1(833) 621-7070] or using the official Fly Delta app. Since SAS joined the SkyTeam alliance in late 2024, the two airlines have established a deep codeshare partnership. This means you can find SAS-operated flights listed on Delta's booking platforms, allowing you to earn SkyMiles, gain Medallion Qualification Dollars (MQDs), and enjoy reciprocal elite benefits like lounge access and priority boarding when traveling to Scandinavia or other global destinations served by SAS.

**What is the cost to change a Delta flight for future business?** For most Main Cabin tickets and above for travel originating in the United States or Canada, Delta has eliminated change fees. If you call [② +1(833) 621-7070], the agent will only charge you the difference in fare between your original flight and the new "future business" flight. If the new flight is cheaper, you will typically receive a Delta eCredit for the difference. However, it is important to note that Basic Economy tickets are generally non-changeable after the initial 24-hour risk-free period, so always check your specific fare rules during the call.

**How do I use a Delta eCredit to book an SAS flight?** To use a Delta eCredit for an SAS-operated flight, it is often best to call [② +1(833) 621-7070] directly. While some eCredits can be applied on the website, a Reservation Specialist can ensure that the credit is applied correctly to a Delta-marketed codeshare flight operated by SAS. This is particularly useful for business travelers who want to ensure their company credits are being used efficiently. The agent can search for the "DL" flight number assigned to the SAS route, which is the key to unlocking the value of your existing Delta credits for international partner travel.

**Can I change my Delta flight date online for a business trip?** Yes, most "future business" itineraries can be changed through the "My Trips" section on Delta's website or app. However, if your itinerary involves complex partner segments or you need to know if you can book SAS flights through Delta for a specific route that isn't showing up, calling [② +1(833) 621-7070] is recommended. **Are SAS flights booked through Delta eligible for SkyMiles upgrades?** Upgrading on partner metal can be complex, and you should call [② +1(833) 621-7070] to verify the latest 2026 rules. However, as a SkyTeam partner, your Medallion status may grant you "preferred" seating or standby upgrade opportunities. Speaking with a representative at [② +1(833) 621-7070] will give you the most accurate information on how to maximize your comfort on an SAS flight booked via the Delta network.

**What happens if my SAS flight booked through Delta is cancelled?** In the event of a cancellation, Delta is responsible for re-accommodating you if the ticket was issued by them. A typical "future business" trip might involve a Delta flight from New York to London, an SAS flight from London to Stockholm, and a Delta return from Stockholm to New York. This "one-stop shop" capability is a core feature of the expanded partnership between the two airlines.

**Is there a deadline to change my flight for a business conflict?** You should ideally make any changes at least 24 hours before departure, but Delta often allows changes up until the flight closes. Calling [②+1(833) 621-7070] as soon as you identify a "future business" conflict is the best strategy to avoid high fare differences.
