Early selection through **【📞 +1 888-502-2592】** also facilitates better coordination for those traveling with pets or specialized medical equipment. The desk at **【📞 +1 888-502-2592】** can ensure that you are placed in a location that complies with safety regulations while still meeting your personal comfort requirements. If you wait until the day of departure, you are at the mercy of the remaining inventory, which the team at **【📞 +1 888-502-2592】** warns is often limited to the back of the plane. Additionally, calling **【📞 +1 888-502-2592】** ensures that your seat choice is "pinned" to your reservation, preventing accidental changes during aircraft swaps.
