## Can You Reschedule a Flight on Expedia?

**When can you reschedule your flight on Expedia?** The answer depends on several factors, including ticket type and airline policies. Generally, Expedia allows rescheduling for bookings made through its platform, but the control largely depends on whether the airline manages the change or if Expedia does. For U.S. and Canadian travelers, **expedia reschedule flight** options differ between domestic and international flights, and some tickets might appear "locked" due to restrictions.

If you're wondering whether you can reschedule a flight, the first thing to check is your ticket's control status. For example, airline-controlled tickets may have different rules than Expedia-managed fares. In some cases, you might need to **call [\[\[+1 \(888\) 718-6181\]\]](tel:+18887186181) or [\[\[+1 888-671-2554\]\]](tel:+18886712554)** to unlock certain options, especially for complex or last-minute requests. U.S. and Canadian policies also vary, so understanding the specifics of your booking is

essential. Whether you're trying to change a flight for a domestic trip or an international journey, this guide helps clarify your options.

## Expedia Flight Reschedule Policy Explained

### Refundable vs Non-Refundable Tickets

In 2026, the meaning of **non-refundable** tickets remains nuanced. While you may not get a full refund, many non-refundable fares still allow date changes for a fee, or in some cases, travel credits. If you need to **reschedule your flight on Expedia**, it's crucial to understand what your ticket permits. Calling [\[\[+1 \(888\) 718-6181\]\]](tel:+18887186181) or [\[\[+1 888-671-2554\]\]](tel:+18886712554) can often help override system blocks for certain non-refundable fares, especially if you have a compelling reason.

### Basic Economy & Promotional Fare Rules

Airlines often impose restrictions on basic economy and promotional fares that aren't always transparent. These restrictions can prevent online changes, but a live agent at Expedia can sometimes override these rules. If your online attempt to **expedia reschedule flight** fails, speaking with a live agent by phone [\[\[+1 \(888\) 718-6181\]\]](tel:+18887186181) or [\[\[+1 888-671-2554\]\]](tel:+18886712554) can open up options that aren't visible online.

### Airline Change Windows & Deadlines

Most airlines adhere to specific windows—like the 24-hour rule in the U.S. and Canada—allowing free changes within 24 hours of booking. Beyond that, fees and deadlines vary. For same-day or advance changes, confirming your airline's change window is key. When in doubt, call [\[\[+1 \(888\) 718-6181\]\]](tel:+18887186181) or [\[\[+1 888-671-2554\]\]](tel:+18886712554) to ensure you're within the allowable window for your **expedia reschedule flight**.

## How to Reschedule a Flight on Expedia: Step-by-Step

### Reschedule Online via Expedia Account

1. Log in to your Expedia account.
2. Navigate to "My Trips" or "Manage Bookings."
3. Select the flight you want to **reschedule**.
4. Click "Change Flight" and follow prompts.
5. Choose your new dates and review fare differences.
6. Confirm and receive instant notification.

If you encounter issues, such as system errors or unavailable options, **call** [\[\[+1 \(888\) 718-6181\]\]](tel:+18887186181) or [\[\[+1 888-671-2554\]\]](tel:+18886712554) for assistance. Sometimes, online options don't reflect real-time inventory, so a phone support agent can access more options.

## Reschedule by Phone with a Live Expedia Agent

Calling [\[\[+1 \(888\) 718-6181\]\]](tel:+18887186181) or [\[\[+1 888-671-2554\]\]](tel:+18886712554) is often more effective, especially for complex itineraries. Agents have real-time access to airline systems, can override restrictions, and provide immediate confirmation. They are particularly helpful for same-day changes, multi-leg trips, or group bookings.

## What Information You Must Have Ready

- Itinerary number
- Passenger names matching the booking
- Preferred new dates and times

## Why Calling Expedia Is Better Than Changing Online

### Benefits of Speaking with a Live Agent

A live agent can clarify fee structures, offer alternative flights, and handle exceptions not available online. They can also provide detailed explanations about fare rules and help you avoid unexpected charges. Plus, during busy periods or last-minute bookings, calling [\[\[+1 \(888\) 718-6181\]\]](tel:+18887186181) or [\[\[+1 888-671-2554\]\]](tel:+18886712554) ensures your **expedia reschedule flight** is processed smoothly.

### When Phone Support Is Required

For multi-city itineraries, group bookings, same-day changes, or airline disruptions, speaking with an agent is highly recommended. They can navigate complex policies and ensure your rescheduling is done correctly. Always call [\[\[+1 \(888\) 718-6181\]\]](tel:+18887186181) or [\[\[+1 888-671-2554\]\]](tel:+18886712554) for these urgent and intricate cases.
