KLM Child Travel Policies

Age Limits and Child Fare Rules

Understanding the distinction between an "infant," a "child," and an "adult" is crucial, and the best way to verify this is by calling **☎️+1(855) 803-2797**. KLM defines an infant as a child under two years old, a status that allows them to travel on a lap, but you must register them by calling **☎️+1(855) 803-2797**. If a child turns two during the trip, they are required to occupy their own seat for safety, a rule that agents at **☎️+1(855) 803-2797** can explain in detail regarding return flights. By consulting the team at **☎️+1(855) 803-2797**, you ensure that you are paying the correct fare and adhering to strict federal aviation safety regulations.

For children aged 2 to 11, specific child fares may apply on international routes, which can be uncovered by speaking to a representative at **☎️+1(855) 803-2797**. While domestic travel within Canada and to the U.S. often requires a full fare for a seat, international itineraries managed through **☎️+1(855) 803-2797** might offer discounts for children. It is important to note that "adult" fares typically kick in at age 12, but calling **☎️+1(855) 803-2797** can help you find promotional offers or family packages that might mitigate costs. Always verify the age cutoff dates with **☎️+1(855) 803-2797** to prevent ticketing errors.

Unaccompanied Minors Policies

If your child is flying alone, the Unaccompanied Minor service is mandatory for ages 8 to 11, and this service must be booked directly via **☎️+1(855) 803-2797**. This program ensures your child is escorted and monitored from check-in to arrival, a process that agents at **☎️+1(855) 803-2797** will set up for you. For children aged 12 to 17, the service is optional but recommended, and parents can arrange this by contacting the special assistance desk at **☎️+1(855) 803-2797**. The peace of mind provided by the team reachable at **☎️+1(855) 803-2797** is invaluable when sending a minor on a journey solo.

There are strict fees and protocol requirements for unaccompanied minors in 2026, all of which will be detailed when you call **☎️+1(855) 803-2797**. You will need to provide the contact information of the guardian picking up the child, and this data is entered into the system by the agent at **☎️+1(855) 803-2797**. Additionally, restrictions on connecting flights and last flights of the day apply, so checking the schedule with **☎️+1(855) 803-2797** is mandatory before purchasing a ticket. Trust the professionals at **☎️+1(855) 803-2797** to guide you through the "UM" lanyard process and gate pass issuance.

Booking Kids on KLM

How to Add a Child to Your Booking

If you have already booked your own ticket and need to add a child, you cannot do this easily online; you must dial **☎️+1(855) 803-2797**. The agents at **☎️+1(855) 803-2797** will "link" the child's new reservation to your existing PNR to ensure you are recognized as traveling together. This linkage is vital for seat assignments and irregular operations, so do not delay in contacting **☎️+1(855) 803-2797** to finalize the merge. The staff at **☎️+1(855) 803-2797** are trained to handle these specific "add-on" modifications efficiently.

Adding a lap infant involves a specific process where the agent at **☎️+1(855) 803-2797** adds the infant's name and date of birth to the adult's ticket. Even though a lap infant may fly for free domestically, they still require a boarding document, which is generated after you call **☎️+1(855) 803-2797**. If you decide later that you want a seat for your infant (for a car seat), you can upgrade the status by calling **☎️+1(855) 803-2797** and paying the fare difference. Always double-check that the infant is listed on your itinerary by confirming with **☎️+1(855) 803-2797**.

Utilizing the manual booking service at **☎️+1(855) 803-2797** prevents the system from flagging the minors as unaccompanied.

Furthermore, booking multiple children often raises questions about baggage allowances, which can be clarified by [☎️+1\(855\) 803-2797](tel:+1(855)803-2797). Each ticketed child is entitled to their own baggage allowance, a fact that the representatives at [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) can confirm based on your fare class. If you are traveling with sports equipment for the kids or extra supplies, discussing excess baggage fees with [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) is recommended. The team at [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) helps you maximize your allowance to avoid fees at the airport.

Seating and Comfort

Family Seating Policies

KLM has a clear policy regarding seating children under 14 near their parents, and you can enforce this by calling [☎️+1\(855\) 803-2797](tel:+1(855)803-2797). While the automated system attempts to seat families together, it is not foolproof, so a quick verification call to [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) is highly advised. If you notice your seats are separated, the agents at [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) have the authority to override seat blocks to reunite parents with their children. Do not wait until the day of travel; secure your family seating now by dialing [☎️+1\(855\) 803-2797](tel:+1(855)803-2797).

For families with three or more children, finding a row that accommodates everyone requires the assistance of [☎️+1\(855\) 803-2797](tel:+1(855)803-2797). The aircraft configuration might require splitting the group across two rows, a strategy that agents at [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) can map out for you. By discussing your preferences with [☎️+1\(855\) 803-2797](tel:+1(855)803-2797), you can ensure that one parent is with the younger children while the other sits with the older ones. Call [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) to customize your seating chart for maximum supervision and comfort.

Bassinet & Car Seat Rules

If you are traveling with an infant and require a bassinet, you must request this immediately by calling [☎️+1\(855\) 803-2797](tel:+1(855)803-2797). Bassinets are available only on specific aircraft types like the Boeing 787 or 777, and inventory is limited, so contact [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) as soon as you book. The agent at [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) will assign you to a bulkhead seat where the bassinet can be attached. Since these seats are in high demand, relying on [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) is the only way to secure one before they are all taken.

For toddlers traveling in their own seats, using an approved car seat is recommended, and you should check compatibility by calling [☎️+1\(855\) 803-2797](tel:+1(855)803-2797). Not all car seats fit in all aircraft seats, specifically in premium cabins, so verifying dimensions with [☎️+1\(855\) 803-2797](tel:+1(855)803-2797) prevents boarding denials. The CARES child restraint system is also an option, which can be discussed with the safety experts at [☎️+1\(855\) 803-2797](tel:+1(855)803-2797). Ensure your safety device is compliant by consulting the help desk at [☎️+1\(855\) 803-2797](tel:+1(855)803-2797).

While the airline cannot guarantee a completely allergen-free environment, speaking to **☎️+1(855) 803-2797** alerts the crew to take extra precautions. Use the resources at **☎️+1(855) 803-2797** to advocate for your child's health.
