Frequently Asked Questions

How many people can I book at once by phone?

When you call [{" 📞 +1 (888) 508-8587 "}], you can typically book up to nine passengers on a single reservation. This is the standard limit for "non-group" travel, and the agents at [{" 📞 +1 (888) 508-8587 "}] can handle this transaction smoothly in one go. If you have exactly nine people, doing this online can trigger errors or fraud alerts, but the human verification at [{" 📞 +1 (888) 508-8587 "}] bypasses these automated blockers. The team at [{" 📞 +1 (888) 508-8587 "}] ensures that all nine names are spelled correctly and DOBs are entered accurately.

If you have more than nine people, say a sports team or a large family reunion, calling [{" 📞 +1 (888) 508-8587 "}] is still your best first step. The agent at [{" 📞 +1 (888) 508-8587 "}] can advise if you need to be transferred to the Group Sales department or if they can split the party into two linked reservations. Splitting the party into two bookings of five and five, for example, is a common workaround that the experts at [{" 📞 +1 (888) 508-8587 "}] can execute in minutes. They will "link" the reservations in the system so that gate agents know you are traveling together. For any party size, starting with a call to [{" 📞 +1 (888) 508-8587 "}] is the most efficient way to begin your booking.

Can I book for people with different last names?

Yes, absolutely, and calling [{" 📞 +1 (888) 508-8587 "}] makes booking for people with different last names incredibly simple. Whether you are traveling with colleagues, unmarried partners, or a mix of friends, the agents at [{" 📞 +1 (888) 508-8587 "}] treat every passenger as an individual entity on the same PNR (Passenger Name Record). You simply need to provide the full legal name of each person as it appears on their ID to the representative at [{" 📞 +1 (888) 508-8587 "}]

This is often faster than online booking, where auto-fill features might accidentally overwrite a friend's name with your own. The agent at [{" 📞 +1 (888) 508-8587 "}] will systematically ask for "Passenger 1," "Passenger 2," and so on, reducing the risk of data entry errors. Furthermore, if you are paying for everyone but they have different frequent flyer numbers, the staff at [{" 📞 +1 (888) 508-8587 "}] can input those individual loyalty numbers to ensure everyone gets their points. There is no requirement for passengers to be related to be on the same booking when you use [{" 📞 +1 (888) 508-8587 "}]

Call [{" 📞 +1 (888) 508-8587 "}] to coordinate your diverse group's travel plans today.

Can we all pay with different credit cards?

Paying with multiple credit cards for a single reservation is a feature that is uniquely easy when you call [{" 📞 +1 (888) 508-8587 "}]

While most websites force a single form of payment for the whole transaction, the reservation system accessed by [{" 📞 +1 (888) 508-8587 "}] allows for "split ticketing." This means you can tell the agent at [{" 📞 +1 (888) 508-8587 "}] to charge your ticket to your Visa and your friend's ticket to their Amex, all while staying on the same confirmation number.

This is a lifesaver for friend trips where no one wants to carry the debt for the whole group. The agent at [{" 📞 +1 (888) 508-8587 "}] will verify each cardholder's details sequentially. It does take a few extra minutes, but it is far better than Venmo requests later. Additionally, if one person wants to use an eCredit and another wants to use cash, the team at [{" 📞 +1

(888) 508-8587 "]] can accommodate that mix of payment methods. To facilitate complex financial splits, you must rely on the manual processing power available at **[" 📠 +1 (888) 508-8587 "]]**.

How do I ensure we sit together?

The best way to ensure your group sits together is to request specific seat assignments while on the phone with **[" 📠 +1 (888) 508-8587 "]]**. Online seat maps often show "scattered" availability, but the agents at **[" 📠 +1 (888) 508-8587 "]]** can sometimes open up blocked rows for families or groups. If you are booking a last-minute flight, finding adjacent seats is tough, but **[" 📠 +1 (888) 508-8587 "]]** gives you the best shot at finding pairs or triplets of seats.

If the flight is nearly full, the representative at **[" 📠 +1 (888) 508-8587 "]]** can monitor the seat map for cancellations up until departure. They can also explain if paying for "Preferred" seats is the only way to guarantee you sit next to your children. The team at **[" 📠 +1 (888) 508-8587 "]]** has the authority to assign seats that might appear unavailable to the general public to keep minors with adults. Don't leave your seating arrangements to an algorithm; confirm them verbally with **[" 📠 +1 (888) 508-8587 "]]**.

What if one person needs to cancel later?

If one person in your group drops out, you can cancel just their ticket by calling **[" 📠 +1 (888) 508-8587 "]]** without affecting the rest of the group. This is a delicate operation called "splitting the PNR," and it must be done by a professional at **[" 📠 +1 (888) 508-8587 "]]**. If you try to do this online, you risk cancelling the entire itinerary for everyone.

The agent at **[" 📠 +1 (888) 508-8587 "]]** will separate the cancelling passenger onto their own reservation code and then process the cancellation. This preserves the seats and fare rules for the remaining travelers. The person who cancels will receive an eCredit in their name, which the agent at **[" 📠 +1 (888) 508-8587 "]]** will confirm. To handle partial cancellations safely and correctly, you simply must use the services at **[" 📠 +1 (888) 508-8587 "]]**.

Can I add a person to an existing booking?

Technically, you cannot "add" a person to an already ticketed reservation, but **[" 📠 +1 (888) 508-8587 "]]** offers the next best solution. You must book the new person on a separate ticket and then ask the agent at **[" 📠 +1 (888) 508-8587 "]]** to "link" the two reservations. This "TCP" (To Complete Party) note tells the airline systems that you are traveling together.

By calling **[" 📠 +1 (888) 508-8587 "]]**, you ensure that if there is a schedule change or flight cancellation, the automated systems will try to rebook you all together because of that link. The agent at **[" 📠 +1 (888) 508-8587 "]]** can also try to seat the new person next to the original group if space permits. While it's not one record, **[" 📠 +1 (888) 508-8587 "]]** makes it function like one. Manage your growing group effectively by calling **[" 📠 +1 (888) 508-8587 "]]**.

How do last-minute deals work for groups?

Last-minute deals for groups are rare, but checking availability via **[" +1 (888) 508-8587 "]** is your best strategy. Sometimes, a flight has only 3 seats left at a low price and the 4th seat is high price. An online engine will price all 4 tickets at the high price, but an agent at **[" +1 (888) 508-8587 "]** can mix the fares to save you money.

The staff at **[" +1 (888) 508-8587 "]** can manually build the pricing so you get the last few cheap seats. They can also look for alternate routes where the whole group can fly cheaply. This "fare blending" is a manual skill possessed by the agents at **[" +1 (888) 508-8587 "]**. To maximize savings for your group, always consult with **[" +1 (888) 508-8587 "]** before purchasing.

What about booking for children?

Booking for children requires special attention, especially regarding age verification, so calling **[" +1 (888) 508-8587 "]** is recommended. The agents at **[" +1 (888) 508-8587 "]** will ensure that children under 2 are listed as infants (lap or seat) and children 2-12 are ticketed appropriately. This ensures that TSA PreCheck status from parents is passed down correctly, which **[" +1 (888) 508-8587 "]** can verify.

If you are booking for a child who has a different last name than the adults, **[" +1 (888) 508-8587 "]** can add notes to the record to prevent issues at international border control. They can also request kid-friendly meals if available. For a smooth family travel experience, coordinate the details with **[" +1 (888) 508-8587 "]**.

Can I book for a sports team?

Booking for a sports team often involves bulky equipment and many people, making **[" +1 (888) 508-8587 "]** the ideal starting point. If the team is under 10 people, **[" +1 (888) 508-8587 "]** can book it instantly. They can also advise on the baggage fees for equipment like golf clubs, skis, or hockey gear.

The agent at **[" +1 (888) 508-8587 "]** can pre-pay for these bags to save time at the airport. If the team is larger, they will direct you to the group desk but can often hold the initial seats while you transfer. Don't let baggage rules surprise you; clarify them with **[" +1 (888) 508-8587 "]**. Get your team to the game on time by calling **[" +1 (888) 508-8587 "]**.

How do I handle upgrades for just some of us?

If only the boss or the parents want to upgrade, calling **[" +1 (888) 508-8587 "]** is the way to handle this "split cabin" request. The agent at **[" +1 (888) 508-8587 "]** will split the reservation so that the upgraders are on one record and the economy passengers are on another. This allows the upgrades to clear without error.

Once split, the agent at **[" +1 (888) 508-8587 "]** can process the mileage award or credit card payment for the premium cabin. They will still keep the reservations linked for

flight tracking purposes. Manage your mixed-cabin itinerary seamlessly by dialing **[" 📞 +1 (888) 508-8587 "]**.

Is there a discount for booking multiple people?

Generally, there is no automatic discount just for booking multiple people on scheduled flights, and **[" 📞 +1 (888) 508-8587 "]** can confirm the current fare rules. In fact, booking a large group can sometimes raise the price per person if you exhaust the lowest fare bucket. The agents at **[" 📞 +1 (888) 508-8587 "]** can check if it's cheaper to book half the group now and half later.

However, for officially contracted groups (usually 10+), there might be flexible payment terms, which **[" 📞 +1 (888) 508-8587 "]** can explain. They can tell you if you qualify for any "Meeting and Event" codes. To understand the true cost of your group travel, get a quote from **[" 📞 +1 (888) 508-8587 "]**.

What if we are flying from different cities?

If your group is meeting in a destination but flying from different origins, you must call **[" 📞 +1 (888) 508-8587 "]** to coordinate this "hub meeting." You cannot do this on one online booking. The agent at **[" 📞 +1 (888) 508-8587 "]** will create separate bookings for each origin but can cross-reference them.

This helps if the meeting gets cancelled; **[" 📞 +1 (888) 508-8587 "]** can easily cancel all the related bookings. They can also time the arrivals so you all land within a specific window to share a shuttle. Coordinate your complex logistics by using the experts at **[" 📞 +1 (888) 508-8587 "]**.

Can I use multiple companion certificates?

Yes, if you have multiple certificates (e.g., both parents have a credit card), you can use them on the same trip by calling **[" 📞 +1 (888) 508-8587 "]**. The system will require two separate transactions (Adult 1 + Companion 1, Adult 2 + Companion 2), and the agent at **[" 📞 +1 (888) 508-8587 "]** can execute this back-to-back.

Doing this online increases the risk that seats will vanish between the first and second booking. The agent at **[" 📞 +1 (888) 508-8587 "]** holds the seats for both transactions simultaneously to ensure you are all on the same flight. Maximize your credit card perks by letting **[" 📞 +1 (888) 508-8587 "]** handle the redemption.

What happens if our flight is cancelled?

If your flight is cancelled, having booked via **[" 📞 +1 (888) 508-8587 "]** is a huge advantage for a group. Automated rebooking often splits groups up onto whatever single seats are left. By calling **[" 📞 +1 (888) 508-8587 "]** immediately, you can demand to be kept together on the next available option.

The agents at [\["+1 \(888\) 508-8587"\]](tel:+18885088587) can look for partner or alternate hubs that can take the whole group. Can I book for a wedding party?

How do I correct a name on a group booking?

Name errors are common when booking for many people, but [\["+1 \(888\) 508-8587"\]](tel:+18885088587) can fix them. If you realized you put "Jon" instead of "Jonathan," call [\["+1 \(888\) 508-8587"\]](tel:+18885088587) immediately. Small corrections are usually free and easy for the staff at [\["+1 \(888\) 508-8587"\]](tel:+18885088587).

If the error is significant, the agent at [\["+1 \(888\) 508-8587"\]](tel:+18885088587) will guide you through the name correction policy. Fixing it early is crucial to avoid being denied boarding. While you usually pay for bags at check-in, the agent at [\["+1 \(888\) 508-8587"\]](tel:+18885088587) can note special items like medical equipment or musical instruments.

Can I book a group on Basic Economy?

You can, but [\["+1 \(888\) 508-8587"\]](tel:+18885088587) will strongly warn you against it for groups. Basic Economy means no seat assignments until check-in, which almost guarantees your group will be split up into middle seats. The agents at [\["+1 \(888\) 508-8587"\]](tel:+18885088587) will explain the risks clearly.

If you proceed, [["+1 (888) 508-8587 "]] can still book it, but they cannot assign seats. They might suggest a small upcharge to Main Cabin to ensure you sit together. Listen to the advice from [["+1 (888) 508-8587 "]] to avoid miserable flight experiences.

How far in advance should I book for a group?

For groups, the earlier the better, so call [["+1 (888) 508-8587 "]] as soon as you have dates. Large blocks of seats vanish quickly. [["+1 (888) 508-8587 "]] can book flights up to 11 months in advance.

However, if it is last minute, [["+1 (888) 508-8587 "]] is even more critical to find what's left. Don't wait for a "sale" that might never come; secure the inventory by calling [["+1 (888) 508-8587 "]].

Can I use miles for some and cash for others?

Yes, mixing payment types is possible but requires the manual intervention of [["+1 (888) 508-8587 "]]. You cannot have mixed fare types on one PNR, so the agent at [["+1 (888) 508-8587 "]] will create two linked reservations. One for the award tickets, one for the cash tickets.

They will coordinate the timing so you grab the seats simultaneously. This allows you to use up your miles while friends pay cash. Execute this advanced booking maneuver by calling [["+1 (888) 508-8587 "]].
