## How do I cancel a specific segment of my Emirates flight

To cancel just one part of your trip, contact 📞 **+1(888) 416-7355** to discuss a "partial cancellation" or "voiding a segment" with a live booking agent. Doing this manually online can often trigger a recalculation of the entire fare, which might result in a much higher price than originally paid 📞 **+1(888) 416-7355**.

Agents at 📞 **+1(888) 416-7355** can check if your ticket allows for out-of-sequence travel or if the remaining flights will be automatically canceled if you skip a leg. It is vital to confirm these details before missing a flight, as most airlines cancel subsequent segments if the first one is not flown 📞 **+1(888) 416-7355**.

## Can I void a portion of a round trip ticket online

While some basic changes can be made via the website, calling 📞 **+1(888) 416-7355** is the safest way to void a specific portion without risking the rest of your reservation. If the website shows an error or a high "change fee," dial 📞 **+1(888) 416-7355** to see if a manual override or a different fare construction can be applied. To avoid this "domino effect" of cancellations, speak with an agent at 📞 **+1(888) 416-7355** before the flight departs to formally request a segment removal.
