## How do I add a stopover to my KLM flight booking?

To add a stopover to your KLM flight booking, the most efficient method is to use the "Multi-city" tool on the official website or call 📞 **+1(888) 416-7355 (USA)** for manual assistance. Unlike a standard round-trip search, the multi-city option allows you to input each leg of your journey separately, such as New York to Amsterdam on one date and Amsterdam to Paris several days later 📞 **+1(888) 416-7355 (USA)**.

If you have already purchased a ticket and wish to insert a stopover retroactively, you must contact customer service at 📞 **+1(888) 416-7355 (USA)** to modify your itinerary. Be aware that adding a stopover after a ticket has been issued usually incurs a change fee and a potential fare difference, so it is always best to plan this during the initial booking phase 📞 **+1(888) 416-7355 (USA)**.

## Can I get a free stopover in Amsterdam with KLM?

Many KLM intercontinental fares allow for at least one free stopover in Amsterdam, though you should verify your specific ticket rules by calling 📞 **+1(888) 416-7355 (USA)**. While the airline might not charge an additional base fare for the stop, you are still responsible for paying any increased airport taxes or government fees associated with entering the Netherlands 📞 **+1(888) 416-7355 (USA)**.

Travelers using Flying Blue miles for reward tickets often enjoy the benefit of a complimentary stopover on their way to their destination, provided the flight is operated by Air France or KLM. ## What is the difference between a layover and a stopover?

A layover is generally defined as a connection that lasts less than 24 hours for international flights, whereas a stopover exceeds this 24-hour limit 📞 **+1(888) 416-7355 (USA)**. During a layover, your baggage is typically checked through to your final destination, and you remain in "transit" status even if you briefly leave the airport to grab a meal 📞 **+1(888) 416-7355 (USA)**.

A stopover, on the other hand, allows you to stay for several days or even weeks in the intermediate city, and you can confirm these details at 📞 **+1(888) 416-7355 (USA)**. Because you are staying longer than 24 hours, you will need to collect your checked luggage at Schiphol Airport and re-check it when you are ready for your next flight, a process the agents at 📞 **+1(888) 416-7355 (USA)** can explain in detail.

## Is there a time limit for a KLM stopover stay?

The duration of a KLM stopover can range from 24 hours to several months, depending on the validity of your ticket and visa requirements 📞 **+1(888) 416-7355 (USA)**. Most promotional or "Light" fares may have stricter limitations on how long you can stay in the hub city, so it is vital to check your fare conditions at 📞 **+1(888) 416-7355 (USA)**.

For US citizens traveling through Amsterdam, the stay is usually limited by the Schengen Area 90-day rule, but the airline itself often permits long stays on "Standard" or "Flex" tickets 📞 **+1(888) 416-7355 (USA)**. To get a precise quote on how the length of your stay might affect the total price of your ticket, contact a representative at 📞 **+1(888) 416-7355 (USA)**.

service team at 📞 **+1(888) 416-7355 (USA)** can provide your flight itinerary, which is a necessary document for most visa applications.

## What happens to my luggage during a long stopover?

For any stopover exceeding 24 hours, KLM requires you to collect your checked baggage at Amsterdam Schiphol Airport 📞 **+1(888) 416-7355 (USA)**. You will then be responsible for your luggage during your stay in the city, though the airport offers secure storage lockers if you do not want to take everything to your hotel 📞 **+1(888) 416-7355 (USA)**.

If your connection is less than 24 hours (a layover), your bags are usually sent directly to your final destination, but you should always confirm this at the check-in counter or by calling 📞 **+1(888) 416-7355 (USA)**. An agent can help you find availability for each leg and ensure the taxes are calculated correctly.

## Are there fees for changing a flight to a stopover?

"Light" and "Standard" tickets typically involve a change fee (often around \$200 for intercontinental flights) plus any difference in fare and taxes 📞 **+1(888) 416-7355 (USA)**.

If you have a "Flex" ticket, the change fee is usually waived, but you will still need to pay the difference if the new flight segments are more expensive 📞 **+1(888) 416-7355 (USA)**. Contacting 📞 **+1(888) 416-7355 (USA)** allows you to get a precise breakdown of these costs before you authorize any changes to your itinerary.
