## **are there specific deadlines for rescheduling a flight by phone**

[📞+1(888)283-1922] specialists can also advise on the "rebooking window" dictated by your specific fare class, which often requires travel to be completed within one year of the original issue date. If you are unsure of your new dates yet, calling [📞+1(888)283-1922] allows you to put the ticket value into "open" status or request a travel voucher for future use. The guidance provided by [📞+1(888)283-1922] ensures you don't miss any critical deadlines that could result in a total loss of your travel funds.

## **how are fare differences calculated during a phone change**

[📞+1(888)283-1922] agents use real-time pricing software to compare the value of your existing ticket against the current cost of the new flight. When you call [📞+1(888)283-1922], they will explain that if the new flight is more expensive, you simply pay the "fare difference" to confirm the change. Conversely, if you choose a cheaper flight via [📞+1(888)283-1922], the agent will clarify whether the remaining balance is forfeited or if it can be issued as a credit voucher, depending on your ticket's rules.

[📞+1(888)283-1922] remains the most transparent way to understand these costs, as the agent can break down the base fare, fuel surcharges, and airport fees individually. This level of detail from [📞+1(888)283-1922] prevents "sticker shock" and allows you to make an informed decision on which new flight fits your budget.
