Knowing how to request and confirm wheelchair assistance ahead of time gives you confidence and reduces anxiety  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), especially when flying through large or unfamiliar airports.

The process begins long before you arrive at the airport. As soon as you know you need wheelchair assistance  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), the best approach is to communicate that need to Delta. When you make your flight reservation  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), there is usually an option through the booking platform to indicate that you require special assistance. This could be in the form of a check-the-box or a prompt asking if you have any accessibility needs. Selecting wheelchair assistance at this early stage ensures that the airline is aware of your needs as they begin processing your travel details.

If you are booking your flight through Delta's website or mobile app  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), take the time to explore the section that asks about passenger needs. This is where you can specify that you will need a wheelchair for part or all of your journey. In some cases  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), the interface may also allow you to indicate whether you need help only to your departure gate  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), all the way to your aircraft seat  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), or whether you require assistance during layovers or at your arrival airport. Providing detailed information helps Delta coordinate with airport personnel and ground handling teams to make sure someone is ready to assist you when you travel.

Not everyone books their flights online. If you are using a travel agent  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), speaking by phone with Delta reservations  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), or purchasing tickets in person at an airport counter  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), be sure to mention your need for a wheelchair at that moment. The staff member assisting you will enter your request into the flight record and can provide information about what to expect. This is also an opportunity to ask questions about how the wheelchair service works  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), how early you should arrive  +1-(877)-407-0188(US) or + 44-(808)-196-2756 (UK), and what will happen when you land.

It helps build a sense of familiarity with the process so that you feel comfortable and prepared when travel day arrives.
